

ALI MOHAMED MOSTAFA

COMPUTER AND COMMUNICATIONS ENGINEERING STUDENT

City: Alexandria, Egypt | Tel: +20 100 782 6151 | Email: alymohamed220055@gmail.com

LinkedIn: [Ali Mohamed](#)

PROFESSIONAL SUMMARY

Computer and Communications Engineering student at Alexandria University with foundational knowledge and hands-on training in Artificial Intelligence, Machine Learning, Computer Vision, robotics, Arduino, and embedded systems. Experienced with C and Python and exposed to software, hardware, and firmware through technical training. Developed a small autonomous car project and applied AI and Computer Vision concepts in practical tasks. Interested in AI, robotics, intelligent systems, and automation.

EDUCATION

Faculty of Engineering, Alexandria University

2024 - Present

Computer and Communications Engineering | Expected Graduation: 2028

TECHNICAL SKILLS

Programming: C, Python

AI & Computer Vision: Artificial Intelligence Fundamentals, Machine Learning Fundamentals, Computer Vision Fundamentals

Embedded & Hardware: Arduino, Embedded Systems Fundamentals, VHDL

Core Concepts: Robotics Fundamentals, Data Structures Basics

Technical Exposure: Software, Hardware, Firmware

WORK EXPERIENCE

AI Trainee, IEEE SSCS AUSC

Feb 2026 - Present

Training in Artificial Intelligence, Machine Learning, and software concepts.

Gaining hands-on experience in AI fundamentals and practical applications.

Data Science Trainee, Digital Egypt Pioneers Initiative

Jul 2026 – Present

Currently participating in a Data Science training program focused on developing practical and analytical skills.

Building knowledge in data handling, data analysis, and data-driven problem solving.

Developing technical skills relevant to Data Science and real-world applications.

Industrial Trainee, Abu Qir Fertilizers and Chemical Industries**Aug 2 - Aug 13, 2026**

Observed factory control systems and server infrastructure used to support industrial operations.

Learned how machines, control systems, and engineers communicate and interact within the production environment.

Gained exposure to industrial equipment, monitoring systems, and engineering workflows inside the factory.

ACHIEVEMENTS

Achieved 3rd Place with my team in the Robo Soccer Competition.

Best Member of the Month - IEEE SSCS, April 2024.

VOLUNTEER EXPERIENCE**Volunteer in Bibliotheca Alexandria****Jan 2024 - Jan 2025**

Assisted in organizing activities for children.

Supported event coordination and teamwork tasks.

SOFT SKILLS & LANGUAGES

Soft Skills: Teamwork, Communication, Fast Learner, Time Management, Adaptability

Languages: Arabic, English
